

# Cold Water Gasoline Belt Drive

CBA Aluminum Series CBA-3504-1MHB

CBA-3504-1MHB

The popular CBA Series of pressure washers features a lightweight aluminum frame, base plate and belt guard making it one of the most lightweight, yet industrial-quality models in the industry. The patented vibration isolation plate is designed to absorb vibration and noise and will reduce movement of the unit while it is running.

- General pumps feature an external bypass system which allows more water into the system to protect from heat build-up
- Patented vibration isolation plate with four rubber isolators for reduced movement

## **Pump**

- Belt drive triplex piston AR or General pump with ceramic plungers
- Stainless-steel and brass unloader with adjustable pressure
- Forged brass manifold
- Thermal relief valve
- Water filter with clear sleeve for screen inspection

## **Engine**

- Performance-proven engine with low-oil protection

## **Frame**

- Light, corrosion resistant aluminum frame
- 1-inch aluminum tube handles for easier pulling
- Aluminum base plate - Two-piece belt guard for quick access to belts
- Solid 7/8-inch diameter full-length threaded axle
- Pneumatic tires with tubes for longer life - Dual rubber isolators

**Component**

- Dual cogged belt drive system for increased belt life

**Unit Includes**

- Quick connect nozzles (0°, 15°, 25° and 40°)
- 50-foot x 3/8-inch non-marking hose with quick connects, swivel and bend restrictors
- Professional-grade insulated trigger gun with safety lock-off
- 48-inch lance with rubber grip Warranties
